Caviar Nourishing Therapy

Facial treatment for cellular nutrition and restoration of the hydrolipidic balance of the skin with caviar for mature, dry and dehydrated skin.

A professional cosmetic facial treatment that restores the necessary lipids of the skin: free fatty acids, ceramides and cholesterol, while restoring the hydrolipidic balance of the keratin layer and the normal function of the skin barrier. In this way, moisture is retained, and the natural process of skin renewal is enhanced. This treatment is based on the action of cosmetic products containing high concentrations of 2 types of caviar (black and red), enhanced with Omega 3, Omega 6, Omega 9 fatty acids, ceramides, collagen and vitamins C, D, F, E in synergy with a triple action exfoliating and cellular stimulating system.

Main action

Nourishment, strengthening of the skin barrier, anti-aging, cellular stimulation of the epidermis.

Secondary action

Rejuvenation, hydration.

Skin concerns

Deep wrinkles, dehydration, oxidative stress, photoaging & biological aging, sagging and lack of elasticity.

Contraindications

Contraindicated in cutaneous herpes zoster.

Skin types

Dull & tired mature skin and skin with a disrupted skin barrier.

Key ingredients

Salmo Ovum, Black Caviar, INCA Omega Oil, Chia Oil, Wheat Germ Oil, Ceramide HO3, Ceramide 3B, Marine Collagen, Elastin Marine, L-Ascorbic Acid, Vitamin F Forte, Vitamin A, Provital D3, Vitamin Complex E-C-F, Filagrinol, Venuceane

Suggested applications: 8-10, based on the skin condition. This protocol can also be applied either once, preventively, or systemically for anti-aging skin care.

Session duration: 47-56 minutes

Repeatability: 1 times a week

Maintenance: Once per month

Step 1: Cleansing System

The main goal of cleansing is to remove impurities and makeup from the skin.

1a. Hydra Cleansing Milk

Cleanse the face and neck thoroughly with Hydra Cleansing Milk and remove with wet cotton pads.

1b. Cleansing Tonic Lotion

Soak a cotton pad with Cleansing Tonic Lotion and tone the skin on the face and neck.

(Total duration: 3 minutes)

Step 2: Triple Action Peeling System

At this stage we combine exfoliation by removing the dead cells of the epidermis with cellular stimulation and renewal. We apply a specialized anti-ageing peeling system in **3 stages**:

2a. AHA Smoothing Cream (3ml)

Apply 3ml of AHA Smoothing Cream (Lactic Acid 2.7%, Glycolic Acid 5.3%, Mandelic Acid 1.0%/ pH ~ 5) on the face and neck, then massage for 3-5 minutes until absorbed. Allow it to dry for 3 minutes* and continue by rubbing with fingertips creating a gommage effect. This step is complete when all the gommage residue has been removed. *In the meantime, mix the Exfoliating Enzyme Mask with Exfoliating Enzyme Lotion. **(Duration: 9-11 minutes)**

2b. Exfoliating Enzyme Mask (1.5g) & Exfoliating Enzyme Lotion (3ml) (eye contour area)

The choice of enzymatic peeling on the delicate skin around the eyes, offers gentle exfoliation without causing irritation. It has brightening effects and acts as an eye protection. Apply the Exfoliating Enzyme Mask (Papain, Bromelain, Kaolin) and Exfoliating Enzyme Lotion (L-Arginine) on the area around the eyes. Use: Mix 1.5gr powder with 3ml lotion in a bowl to make a paste and then apply it around the eyes with a soft brush.

2c. Glow Peeling (0.7-1ml)

Apply 0.7-1 ml Glow Peeling (Mandelic Acid 5%, Phytic Acid 1%, Ascorbic Acid 2% Gallic Acid 0.025%, LCTIC Acid 14.6%pH~3.5). Leave on for up to 7 minutes and do not remove. In case of irritation, rinse with water and move to the next step. **(Duration: 7 minutes)**

Remove the enzyme mask from the area around the eyes 7 minutes after its application.

(Total duration: 16-18 minutes)

Step 3: Caviar Nourishing System

This step aims to activate the mechanism of skin regeneration in order to repair its damage (sagging, wrinkles, oxidative damage) in **2 stages**:

- **3a. Caviar Ω3-Ω6 Oil (1ml)**

- On dry and oil-free skin apply 1ml Caviar Ω3-Ω6 Oil on the face and neck and gently massage for two minutes. (**Duration: 2 minutes**)

- **3b. Caviar Nourishing Mask (3ml)**

Apply 3ml Caviar Nourishing Mask massaging the face and neck for 10 – 15 minutes. Rinse with water. (**Duration: 20 minutes**)

(**Total duration: 20-30 minutes**)

Step 4: Ω3-Ω6-Ω9 Nourishing System

This stage aims to restore the skin barrier and enhance the epidermis with essential elements and free fatty acids, to maintain cells' integrity and accelerate their natural reconstruction, in **2 stages**:

- **4a. Caviar Ω3 Ω6 Oil (1ml)**

On dry, oil-free skin apply 1ml Caviar Ω3-Ω6 Oil on the face and neck, massaging for 3 minutes (do not ionize). (**Duration: 3 minutes**)

- **4b. Caviar Ω3-Ω6 Cream (2ml)**

Apply 2ml Caviar Ω3-Ω6 Cream on the face and neck and gently massage until it is absorbed. (**Duration: 1 minute**)

(**Total duration: 4 minutes**)

Step 5: Sun Protection

Optionally, apply 2ml SunBliss SPF 50+ depending on the season and time of the session (**Duration: 1 minute**)

Step 6: Home Daily Regimen

Morning:

- **Collagen Elastin Serum**
- **Caviar Ω3-Ω6 Cream**

Evening:

- **Double Caviar Ω3-Ω6 Serum**
- **Caviar Ω3-Ω6 Cream or Caviar Nourishing Mask**

exclusively and for 2 months use.

Antiage Caviar Nourishing Therapy

| | Step | Product | Quantity/ application | Duration |
|---|-------------------------------------|---------------------------|--------------------------|---------------|
| 1 | Cleansing System | Hydra Cleansing Milk | 1ml | 3 minutes |
